EXAMINER'S AMENDMENT

An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on February 14, 2006, Mr. Derek Jessen requested an extension of time for one MONTH(S) and authorized the Director to charge Deposit Account No. 16-0750 the required fee of \$120 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: On page 9, line 22 of the specification, "placed and retained" is replaced with --with its outer periphery received and retained--. In claim 1, line 9, --said pocket configured to receive the outer periphery of a central portion of said spring therein, wherein-- is inserted immediately after the comma in the line.

The following is an examiner's statement of reasons for allowance: Richbourg and the prior art of record does not teach the claimed pocket configured to receive the outer periphery of a central portion of the spring, as set forth in claim 1, line 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
